

Project VSIAF Secretariat Office:

As the Association grew in service delivery so was the demand for commitment from the secretariat. The committee decided to build a shed as to accommodate this need.

The shed area is used for meetings, talanoa sessions plus administration activities.

Scope of Work:

- Profiling
- Carpentry works to floor structure, roof.
- Concrete walling
- Electrical works i.e installation of light switches connecting to main power
- Plumbing works
- Tiling to floor
- Painting

Project Complete:
